

Annie Jenkins' Bio

I came into the RV Life December 2020, immediately joined NAARVA and became a member of the Texas Sojourners. My intro to NAARVA was as a guest at the 2019 Southern Region Rally, that exposure made me believe I could enter into this lifestyle safely as a single female.

My willingness to commit my time and skills to NAARVA began in 2022, when I became secretary of Texas Sojourners and currently still hold the position. I was on the team when our chapter website was implemented and is now being used at the National level. I've attended regional and national rallies, acted as a delegate and volunteered in any capacity needed.

Presently, I'm secretary for Southern Region, elected in 2024. In the past two years, NAARVA has implemented changes that benefit all members. Southern Region is that buffer between National and clubs, making sure our regional needs are heard and addressed. Rving needs are similar in clubs, region and the national level. My belief is each member should feel comfortable to pose a question, make suggestions to the group or executive board. To keep members abreast, we now share bullet points from monthly meetings to easily distribute to club members. I have gained firsthand experience in club concerns throughout the region, participated in the development of future rally sites, developing the 2026 Regional Rally and preparing for the region to host the 2027, National Rally in Orange Beach, AL. I am prepared to continue working as Sectary of the Southern Region.

Sincerely,

Annie Jenkins
